DEP approves 24 applicants for CED recycling grants

Twenty-four applicants have been approved for grant amounts totaling \$233,587 in the Department of Environmental Protection's Covered Electronic Devices (CED) Recycling Grant Program, DEP Cabinet Secretary Randy Huffman announced.

Established in 2008 under the DEP's Rehabilitation Environmental Action Plan (REAP), the CED Program requires that manufacturers register their brands with the state. The program allows counties and municipalities to apply for CED grants to conduct electronic collection events and support ongoing collection programs.

The goals of the program are to establish a registration process for manufacturers of covered electronic devices, to determine if manufacturers have adopted or implemented a free take-back/recycling program for their products and to award recycling grants to counties and municipalities for recycling or other programs that divert covered electronic devices from the waste stream.

Grants will be awarded to:

Barbour County Solid Waste Authority

\$8,000.00

To fund wages, advertising, gaylord boxes, fuel for pick-ups and electronic recycling processing for a CED collection event and drop-off program.

Berkeley County Solid Waste Authority

\$14,620.00

To fund contracted transportation and recycling services, shrink wrap, information signage and posts for the ongoing CED collection program, with the option to rebudget to a CED collection event if needed.

Brooke County Solid Waste Authority

\$10,500.00

To fund recycling contractual services and advertising for a CED collection event.
